Single Copy 10¢

ARTILLERYMAN—Captain Robert (Bob) White, Village police officer, shown studying a 155 millimeter howitzer while on training period with the U. S. Marines.

WAVE—Mickey Wainess, popular young Villager, former World War II Wave, in Uncle Sam's service again. How long her service will extend was not reported. (Gayle Studio photo.)

War Days Recalled As Vets Return To Army, Navy and Marines

Reminiscent of World War II days in the Village are pictures and stories now being received from the Army, Navy and Marine Corps, reporting the number of local residents in the military services.

The most recent pictures and stories to be received was announcement that Mickey Wainess, Waffle Shop cashier for several seasons, is now back in the Waves for a tour of duty.

Construction To Boom This Fall

Construction of homes and apartments in the Village will take a spurt with the advent of cool weather.

This was the studied opinion of Pearl Swart, manager of the Palm Springs City Building department, who said that plans submitted by building contractors for permits and inquiries during the past ten days has been heavy.

"Judging from the active interest," Swart said, "I expect that building in Palm Springs will hit a high level with the beginning of the 1948-49 season."

Last week the building department issued \$132,356 in construction permits. The majority of them were for alterations of existing structures and additions. The largest permit for a dwelling was issued to James A. Lyons. A. J. Coffey has the contract for the erection of a home for Lyons, located at Smoke Tree Ranch. An alteration and addition permit amounting to \$20,356 was given to Kenneth B. Kirk's contractor, L. P. Scherer.

This Side Of The Sun

By BILL RASHALL

Just a little after dawn yesterday I heard people in a Palm Canyon drive cafe complaining that the cooler wasn't necessary. Actually they were walking with their shoulders hunched over as a person does when cold—and it was cold.

VILLAGERS last year at this time, hated to see the sun come up at 6 a. m. The addition of the sun's heat to the still suffocating warmth of the early morn was dreaded—and the sun hung on and on for so many hours, too.

Sleeping these cool nights has really been a treat. Police Officer Howard Poe, on the night desk at the police station, weary from sleepless hours of the night's duty was envious of those whose work permitted them to sleep during these delightful nights.

AT THE HITCHING POST for a bit of respite the other night in time to hear the following: "I'm from Bombay. Do you know where that is?" queried the self-important individual of Bill Davis of the Colonial House.

"Sure I know where Bombay is," replied the annoyed Davis. "It's up the street a bit and is owned by Don Manchester."

PROPAGANDA, based on fact See THIS SIDE OF SUN, Page 4

ANOTHER was the report of Police Officer Robert (Bob) White's training period with the Marines recently.

This week Doug Schwartz, city fireman, is returning to active service, from officers' reserve, as a first lieutenant in artillery with orders to report to Fort Bliss, Texas.

OTHERS in the Village have been told to keep themselves in readiness for active service, it was reported.

Wave Wainess's story did not report if she is to remain in the service or that the tour of duty was only temporary.

OFFICER WHITE, who served as a captain in the Marines for six and one-half years, including 42 months in the Pacific Theatre of operation during World War II, underwent an intensive course in artillery fire during his training period this month.

Herman Reich, proprietor of the Village Market, just returned from a two-week re-orientation trip aboard the U.S.S. Diachenko, a high-speed transport. The groceryman, an Annapolis Naval Academy graduate, served as a captain in the Navy during World War II.

"WE WERE at sea most of the time," declared Captain Reich. "On occasion we would sail into San Diego harbor but would leave the very next morning."

Two other young businessmen, veterans of World War II and both former officers in the army, whose names they asked withheld, are trying to put their affairs in order to return to the service.

Teen-Ager Nabbed On Burglary Rap

A seventeen-year-old juvenile was in custody of the Banning Police today charged with burglary following his arrest here by Officer Ray King at 5 a. m. Wednesday morning.

The teen-ager is asserted to have confessed entering a Banning garage and escaping with five tires and other automobile accessories. He has lived in Palm Springs with his father for 5 years.

The automobile the arrested youth was driving is said to have contained some of the loot stolen from the Banning garage. Rudy Salazar, 1533 Ramon road, told police that he recognized a pair of fender pants on the culprit's automobile which belonged to his brother.

Miss Marjha McCarn, 22, is spending her vacation with her mother Mrs. Louis McCarn, city clerk. Miss McCarn is a student at Stanford university where she is majoring in nursing.

Deny Two Taxi Franchises in Palm Springs

Tanner Motor Livery was granted a re-newal of its taxi-cab franchise in the Village by City Council who, in a subsequent action immediately after, denied the application of Roy Dunlap for a similar franchise.

Dunlap first filed his application for the franchise several months ago but withdrew it until last week, when he re-applied. Judge Eugene E. Theriault, who represented Dunlap, argued that the additional service in the city would result in better service to the community.

Lyle Newcomer, who represented Mrs. Polly Isenagel, manager of Tanner Motor Livery here, declared that the operation of two taxicabs in the city would lead to the bankruptcy of one or both, stressing that Palm Springs population now does not require two such franchises.

Dunlap informed the Council that he would have two limousine taxicabs stationed near the Greyhound Bus station which he manages.

Present Tanner franchise expires August 31.

Greek Wanted

Volunteer Wanted to Translate Greek Letter

"Greeks had a word for it," but Mr. and Mrs. Frank Schenck, 2058 E. Ramon Road, cannot read a line of the language.

Recently a letter from Greece was delivered to the Schenck menage, which Frank believes, is a letter of thanks for a relief parcel sent to that country. The recipient, apparently unable to write English, was no doubt in hope that Mrs. Schenck, whose father was a Greek, could read the language.

However, neither one of the Schencks can read Greek and yesterday they appealed to The Desert Sun, to "please find for us somebody who can translate the letter."

Mrs. Schenck, until moving to Palm Springs this year, sent packages monthly to Greece.

Council Voices No Protest On Permits

No protest was made by City Council in the applications for the re-newal of the Royal Palms Hotel and Zanzibar for on-sale distilled spirits sales. The permits at the Royal Palm Hotel is for the Rainbow and the Rolly Rooms.

Next session of city council will take place August 31, it was announced Wednesday when city fathers adjourned their meeting on that day.

Softball

Record Breaking Crowds At Night Ball Games

The most inexpensive and still the most entertaining nights of the week, continue to be the softball games as they are played at the Field Club.

Bob Bennett, recreational director, stated that although the games are well attended every night, the fans really pour into the Field Club for the county league games.

TONIGHT: Desert Hot Springs Fireballs Jr. vs. Tahquitz Indians at the Field Club, Palm Springs Electric vs. Junior Chamber of Commerce.

MONDAY NIGHT: Mexican Colony vs. American Legion. White Sox vs. Desert Hot Springs. Mexican Chicks vs. Globe Trotters.

TUESDAY NIGHT: Indio Safety vs. Palm Springs. Desert Stars vs. Coachella at Coachella. Hemet vs. Palm Springs, at Palm Springs.

He's Nice

Zoning Argument Full of Complimentary Tributes

Comedy and real life drama entered into a debate for and against the installation of a water well at the corner of Alejo road and Avenida de Los Caballeros, before city council Wednesday afternoon.

Opposing each other in the arguments for and against the issuance of permission to install the water well, were Mrs. Jeanne Russell, matron of Los Angeles, and Harold Hicks, president of the Palm Springs Water company.

SPECTATORS in the council chambers smiled when Mrs. Russell insisted that she had been planning to build a house on the 132 by 270 foot lot for 18 years "and now this gentleman, and I think he is very nice, wants to dig a well next to my property."

The reference to Hicks, tall and handsome Villager as being "a very nice man" was constantly interjected in the argument and brought forth unashamed blushes from the target of the complaint.

BUT MRS. RUSSELL'S belief that Hicks was a nice man, did not stop city council from granting the water company the permit to dig and operate the water well.

The permit was a provisional one, requiring that all equipment pertaining to the operation of the well shall be underground. This proviso was agreed to by Hicks.

"I ENJOYED talking to the lady," declared Hicks. "She is highly intelligent and complimentary."

Crime

Police Investigate All Criminal Acts in Village

Even the theft of a 15-cent article will move local police into fast action.

Monday, theft of two rubber bicycle handle-bar-grips were reported stolen. According to police reports, the value was placed at 15 cents.

Police Officers Jim Maynard and Dale Thompson made a six-mile round trip to investigate the theft. Cost of the investigation was computed at 10 cents per mile in operation of the police vehicle or a total of 60 cents.

Parking Lot Plans In Final Study

Mrs. Sadie Bunker was studying final plans this week for the conversion of Bunker Court on Palm Canyon drive into a parking lot.

According to tentative plans, the lot will have enough space to take care of between 73 and 90 parked automobiles, depending on the number of buildings it is found necessary to move.

The proposed parking lot is hailed as a partial solution to the crowded street parking conditions during winter seasons.

Flood Left no Menace to Health

Dr. Robert S. Westphal, Riverside county health officer, was in the Village Wednesday, conferring with City Manager William E. Alworth, regarding need of health measures brought about by the recent flash flood.

An inspection of the flooded area revealed that no danger to health exists, the doctor is reported to have declared.

He also made in inspection tour of section 14, the Indian Reservation.

Council Gives Up 4 Year Hotel Fight

Urge WAA to Turn El Mirador Back to Private Ownership

Resolution Retains Right To Claim 7.85 Acres As Site for Palm Springs Community Hospital

City Council Wednesday threw in the "white towel," as a token of surrender, in a struggle started almost four years ago.

That action centered around the acquisition of all of surplus declared Torney General hospital, including the property of the former El Mirador hotel.

On motion of Councilman Florian Boyd, the three other councilmen present, including Mayor Charley Farrell, Gordon Feeckings and William Veith, a resolution was passed, asking War Assets Administration to return the former El Mirador property to private ownership with the exception of 7.85 acres sought as a site for the Palm Springs Community hospital.

Rumors Fire Zoning Law Agitators

Redwine May Have Law Ready This Monday

Rumor piling upon rumor sweeping from Beaumont across the Coachella Valley to Indio with regard to the proposed \$10,000,000 Guiberson cement plant were sited by The Desert Sun this week and found to lack authenticity or foundation.

Residents of Beaumont, Banning and Indio yesterday were trying to ascertain if S. Guiberson Jr. had started construction of the cement plant four and one-half miles from Palm Springs.

"WE HEARD he has already started in hope of beating the adoption of the Zoning ordinance by the Riverside County Supervisors," was one report that filtered across long distance telephone line to the editorial department of The Desert Sun.

A check of the area found no indication of construction activity. It was learned later, however, core-drilling for samples of the limestone on the mountain, Guiberson claims has a 40-year supply of cement, is going on.

LAST NIGHT the promoter of the cement plant was in Indio, meeting with proponents of the project in that city. At 7:45 p.m. Guiberson was heard over station KREO, Indio.

In his air talk, the Texas millionaire recited the long struggle he had in obtaining surplus government equipment for the operation of the cement plant and the method by which he was ordered to pay for this machinery.

HE TOLD his listeners that Riverside county would suffer if the cement plant was barred from operation. He also stated, that the people of Palm Springs have been misled by slanted stories in Riverside county newspapers, opposed to the erection of the plant, and paid broadcasts over radio stations sponsored by opponents of the proposition.

County Counselor Earl Redwine yesterday declared that Mr. Guiberson could do anything he wanted to about the erection of the cement plant.

ASKED if there was any way of stopping the building of the plant before final adoption of the See ZONING LAW, Page 4

C.A.A. Expert to Aid In Airport Lighting

Airport lighting expert for the Civilian Aeronautics Authority, was in Palm Springs yesterday inspecting the illuminating facilities of the Palm Springs airport.

He suggested changes in the transformer building and will return next week to supervise the work.

County Rents Vets Apartment at \$42

Housing project similar to the one constructed here for World War II veterans, will rent at \$42 per month for two bedroom apartments in accordance with a contract signed by Supervisor Walter V. Pittman this week. The board of supervisors agreed to the management plan suggested by the Housing Authority.

THUS the long attempt of the city to acquire all of Torney General hospital, under its high priority rights and its struggle with War Assets Administration, which even led to debate on the floor of Congress in Washington and at one time resulted in a Congressional committee investigation of WAA's actions regarding the property, was abandoned.

Another condition written into the resolution by councilmen was that the city reserves the right to widen Paseo El Mirador, located on the old El Mirador hotel property, to a 60-foot thoroughfare.

AT THE SAME TIME, it was pointed out, last week's council action in applying for 22 acres of the former prisoners-of-war camp, will not be affected. This application sets forth that the City of Palm Springs will pay \$25,000 for the property, to be used for park and recreational purposes.

Councilman Boyd's motion which will be sent to Washington just as soon as it is prepared by private counsel, Lyle Newcomer and City Attorney Roy Colegate, will state that "both the city and county would benefit from the taxes that would accrue if the hotel were in operation."

THE RESOLUTION also asked that expediency be used in the transfer of the hotel to private ownership, so that it may be opened for tourist trade in January, 1949.

The Federal District Court in Washington recently ruled that the El Mirador hotel was formerly owned by Warren Pinner, Ralph LaCoe and the Harney Construction company of San Francisco. This decision by the court was adverse to the contention of War Assets Administration, who claimed that the former owners had dissolved the holding corporation of the hotel, and were therefore not entitled to the priority the plaintiffs sought under the federal surplus property disposal act.

THE GOVERNMENT served notice at the time of the court's decision, that it would seek a reversal of the verdict. In order to dissuade WAA from following this action it is believed city See 4-YEAR FIGHT, Page 4

"My Heart Belongs To Palm Springs"

Harris Posey, former manager of Bullock's and past president of the Palm Springs Chamber of Commerce, is now manager of Liberty House, department store, in Honolulu, according to Councilman Gordon Feeckings who recently returned from the Hawaiian Islands.

Feeckings said that Posey, a tireless civic worker when he lived here, arrived in Hawaii about six months ago. He quoted Posey as saying:

"This Honolulu is a beautiful place, but my heart still belongs to Palm Springs."

The PUBLISHER'S Corner

by OLIVER B. JAYNES

ABOUT THIS TIME of year Villagers begin talking about the "coming season." There is always much speculation over what sort of a season it will be, what new business firms will make an appearance and how active will be the real estate market. People seem pretty optimistic right now. They figure that the prospects of a very good 1948-49 season are very bright.

Post war adjustments have been made and business is settling down to a normal competitive basis. There will be quite a number of new stores but there hasn't been much new building along Palm Canyon drive this summer. There are still quite a number of new store rooms not yet occupied. But business is settling down to firms and stores of a more permanent nature than during the past few years. It is a more wholesome condition. The come-and-go operator doesn't contribute much to the economy of the Village.

MORE ACCOMMODATIONS being available, it is almost certain that we will have more people here. Many of the new apartment and bungalow hotels were just getting into operation at the end of last season. They will all be going full blast by Oct. 1st, many will re-open in September. There will be more places for dining and entertainment, more swimming pools and the parking problem will be relieved somewhat.

The advertising and publicity campaign for Palm Springs which is being paid for from city funds is expected to attract many new vacationists—and some permanent residents. It is also designed to stimulate early fall and late spring business through the use of paid advertising space in newspapers and magazines. The attractive four-colors which will be out next month are much more elaborate than the chamber of commerce has been able to afford in previous years and are likewise expected to bring many new people here.

The largest building to be completed this summer is in The Center and will house The Desert Sun, Kelley's furniture store, an attractive new restaurant and some apartment accommodations. The Sun is the only one to occupy the building so far but the others will be moving in before the end of the month.

EVERYTHING POINTS to an active season and things will start humming soon after Sept. 1st. Villagers away on vacation can pass the word along to friends, relatives and acquaintances that Palm Springs is the place to visit this fall and winter. They'll find it much easier to find accommodations to suit their taste and means. Tell them to come early—before the big crowds—and really enjoy the Village . . . the balmy evenings . . . the fun-filled days. You can promise them a good time, relaxation . . . a wonderful place to "get away from it all!"

Returned this week were Mr. and Mrs. Johnny Boyle and family from San Diego and Hollywood where they filled entertainment engagements.

Entertained at the home of Dr. and Mrs. James E. Potter were Mr. and Mrs. John Routsong of Los Angeles. Visitors and host spent the evening playing bridge.

Mr. and Mrs. William J. Taylor of 1661 South Palm Canyon drive spent the week-end at Laguna Beach.

Guests Wednesday of Mr. and Mrs. Rembert Trezevant for breakfast at the Los Angeles Breakfast Club, were Reverend and Mrs. James Blackstone and their son, Richard.

**Avoid
disappointments
... TELEPHONE AHEAD**

Vacation time is the time for relaxation and fun—for discovery and adventure—for visiting the out-of-the-way places we have always longed to see.

Don't spoil your good time by risking the possibility of spending a night in a cornfield. If you don't haul your bedroom behind you, make reservations ahead—by telephone. Resorts are crowded these days.

Social ACTIVITIES

By "MY GIRL FRIDAY"

Early Village Resident Honored at Birthday Celebration in Beaumont

Memories of Palm Springs when it was still in its swaddling clothes were revived at the birthday party last week, honoring Mrs. Helen Krebs, early resident and oldest employee of the Palm Springs Hardware and Department store.

The affair was hosted by eight other employees and Mr. Tom Holland, owner of the department store.

AMONG THOSE Who were Leonosio, Nettie Redding, Helen present were: Rhea Kirkpatrick, Jennie Leonosio, Nettie Redding, Helen Allen, Juanita Dunsworth, Grace Riley, Kay Maze, Murray Barrick, Tom Holland and the honoree.

A birthday cake complete with candles and flowers embellished the center of the table at the Rusty Lantern, Beaumont, where the celebration was held.

MRS. KREBS has been a resident of Palm Springs for 28 years. She first started working at the department store when it was owned by Carl Lykken, who eventually sold the establishment to the present owner.

Recalled at the birthday party were the old days in Palm Springs. Mrs. Krebs remembered when the present business establishment boasted of a grocery and meat department in addition to the general merchandise store displayed. Later the grocery and meat departments were sold to Charley Bosworth.

SEATED at the festive board also was another old timer in the Village, Mrs. Leonosio. The two women remembered when the white population of Palm Springs during the summer amounted to no more than a dozen.

"There was no gas, electric lights or telephones for many years after I arrived here," Mrs. Krebs recalled.

"**DO YOU REMEMBER,**" interjected Mrs. Leonosio, "when we used to put our chairs right in the middle of Palm Canyon drive on hot summer nights?" she asked of Mrs. Krebs, who nodded affirmatively.

"The only time we used to move them," continued Mrs. Leonosio, "was when an automobile would come through about once an hour, if then."

Both women remembered when the Central hotel in the Village was the social center of the town. Gathering there on many occasions were such pioneers as the Hicks family, Ed and Walter Bunker, Carl Lykken, Alice Parker and the Holditch family.

AFTER THE DINNER was served at the Rusty Lantern, all of the guests sang songs and "oh, we just had a wonderful

time," declared Mrs. Krebs.

The honored guest is the mother of Villager Bill Marvin and Ralph Marvin who is a motion picture projectionist in Ontario.

Farm Inventions To Be Shown at Fair

The "Farm Inventors Show" is again expected to be one of the feature attractions in the large array of agricultural and other exhibits at the big Farmers Fair and Festival being in Hemet October 6-10, inclusive.

The special farm invention show, popular with visitors last year, will again display farm equipment and gadgets designed or produced by individual farmers. Farm machinery accessories, similarly designed and built, may also be included in this display.

Baileys Plan Reunion In Seattle; Home Before School Starts

Northward bound for Seattle are Mrs. Art Bailey and her two daughters, Lee and Beatrice. Mr. Bailey, sons, Arthur Jr. and Bonner, left early this week for the high Sierras on a hunting trip.

The family plan a re-union in Seattle later and return to their Smoke Tree ranch home before school starts, September 15.

Poliaks Neighbors of Staleys at Laguna

Dr. and Mrs. B. D. Poliak and children, Roberta and Dickie, are occupying a cottage next door to Dr. P. A. Staley at Laguna Beach.

Dr. and Mrs. Poliak had previously been sojourning in Seattle and had only recently arrived in Laguna.

The neighborhood in which the two doctors and their families reside can rightfully be called a "little bit of Palm Springs." Two doors away Mr. and Mrs. Wilbur Davis of the Colonial House are summering, and not too far away are Judge Eugene E. Theriault and his family.

Mr. and Mrs. Tomkins Vacationing at Niles

Mr. and Mrs. Roy Tomkins report they are having a "wonderful vacation since the month of June on the Joseph Shinn Jr. ranch at Niles, California.

Their hosts are pioneer residents of Niles and it is the hope of Mr. and Mrs. Tomkins that Mr. and Mrs. Shinn will keep their promise and visit Palm Springs as guests during their winter vacation.

The Tompkins hope to return to Palm Springs sometime in September.

Houghtons To Depart For Chicago Friday

Police Officer Harry Houghton, his wife and children, Harry Jr., Annamie, Freddie and Janet, were scheduled to leave for a month's vacation Friday night.

They plan to visit Yellowstone National Park en route to Chicago where the parents of both Mr. and Mrs. Houghton will be visited.

Senator Weber's Pasadena Home Scene of Wedding

The fashionable wedding of Mrs. Lilian Granger and Charles Sprague in Pasadena Thursday saw Mrs. Ruby Widden, well known Villager, at the piano playing the wedding march.

The ceremony was performed at the Pasadena home of Senator and Mrs. Charles Weber of Chicago. The former Illinois solon and his wife have been popular winter residents in Palm Springs for many seasons.

Mrs. Widden remained at the Weber home as a guest for three days before returning to Palm Springs, accompanied by Mrs. Weber.

The marriage of Mrs. Granger and Mr. Sprague followed years of friendship. Years ago both had married other persons and after a while lost track of each other. They met in California and both were surprised to learn that both had lost their mates.

Romance blossomed between the two culminating in the marriage Thursday.

Village Week at Blatz Home in Oconomowoc, Wis.

It was Villagers' day back in Oconomowoc, Wisconsin, last week, it was just learned in the Village.

The gathering place was the home of Val Blatz, home owners here and owners of the Blatz Brewery. Present for the occasion was former Palm Springs Councilman Armand Turonnet and Mrs. Turonnet, Mr. and Mrs. Al Stephan of Palm Springs and Chicago and Mr. and Mrs. Jack McCoy and daughter, Marie.

Dancing at Idyllwild Gains Popularity With Younger Set

Dancing at Idyllwild Inn at the mountain resort, has become a popular pastime for the younger set of the Village.

Last weekend saw a group from Palm Springs at the top of the mountain enjoying the music at the famous inn. They were: Barbara Connell, Judy Spalding, William and "Chuck" Buresh and many others from the Village who are spending the summer at Idyllwild.

Hunting Dangerous; Spaldings Go Fishing

Hunting deer around Lake Henshaw turned out to be too venturesome a risk for the Wal Spalding family last Friday, it was reported.

Mr. and Mrs. Spalding and their son, Tommie, started hunting for the elusive deer but when they reached the hunting grounds they found the area swarming with nimrods.

It was a matter of safety first, in the opinion of the Spaldings, so rather than dodge bullets, the couple returned to the lake and went fishing.

Luck was with them too, it is said. They caught the limit.

Couple Honored On Wedding Anniversary

Complimenting her parents, Mr. and Mrs. John W. Williams of Palm Springs, on their twenty-sixth wedding anniversary, Miss Helen Williams gave a dinner recently in the crown room of Hotel del Coronado at Coronado.

Also present at the dinner was Mrs. Florence Shelley, hostess at Hotel del Coronado during the summer months who will return to the Desert Inn in the fall. Miss Williams is Mrs. Shelley's assistant at the Coronado hotel.

Mrs. Nolia Paine of Fort Worth, Texas, who is visiting at the home of her daughter, Mrs. Wal Spalding and family, has decided to make Palm Springs her future home.

DOING THE VILLAGE

with

Moya Henderson

After a few days spent around Los Angeles it's wonderful to get back where you can see that old sun. Maybe it does warm up a little in the afternoon but it's nice to know that there still is a sun in the sky. Of course, in L. A. they are still talking about our great flood and glad to see we survived.

Off for Jordan Hot Springs on the first of August went Elmo and Ann Purnell accompanied by Marian and Pete Peterson. Elmo combines business with pleasure on his months vacation as he and brother Clarence are co-owners of the High Sierra resort. So, along with riding and fishing, he gets in his share of wrangling.

THOSE BUSINESS partners at the Lauderette have worked out a fancy schedule so that both get away for part of the week. Jim Hawkins got back from San Francisco Tuesday night in time for Ashley Simms to take off for a few days with his family at Corona del Mar.

Dottie and Jack Gorham had such a wonderful five day week end at Balboa they are going back for some more of the same after a few days of shopping in the big city. Mary Jane Hicks took off for a Los Angeles visit while her son Jimmy is with the Harold Hicks' at Cherry Valley.

AND FROM Idyllwild we get lots of news of the busy comings and goings on the "Hill." Mr. and Mrs. Carl Lykken left for La Jolla Tuesday evening where they will visit the Frank Alcotts and drop down to Coronado to say hello to the John Hornels. We hear that Mr. Hornel is recuperating beautifully from his recent operation. Also at the Coronado hotel over the weekend were Helen and Jack Williams, celebrating with daughter Helen Louise who is junior hostess under Florence Shelley for the summer.

Lee Bailey headed north to San Francisco with her two daughters this week where they will meet Art who has been on a fishing trip with their two boys.

JUANITA AND MERRILL Crockett are back in their Saund-

ers Meadow cabin and are enjoying a visit from daughter Merrillyn and their little granddaughter up from El Centro. Babs and Bud Delano were on the "Hill" for the weekend and on hand to greet Mary and Phil as they rolled in from their trip through Wyoming. Jane Neel, who is visiting with her parents, the Lykkens, for the month has been busy, along with Pat (Per-cival) Sawyer and Clare Woodmansee, keeping the bridal paths dusted off.

Mrs. Francis E. Russell opened her home to the women's group from the Idyllwild Community church for their regular monthly meeting last Wednesday. She was assisted by Mrs. Gordon Clark.

MARGARET MENASSEY hosted a table from Four Chimneys at the regular Wednesday bridge luncheon in the Idyllwild Inn. Also looking for grand slams were Mrs. Jerry Sanborn, Mrs. Marvin Sale and Mrs. Will Lippman. Before the Lykkens and Mrs. Bailey left the "Hill" they participated in another of those popular no-host parties at Four Chimneys Saturday night. Also in on the fun were the Lauritz Hansens, C. S. Hendersons, Clarence Woodmansees, Captain and Mrs. John Alvis, and the Jack Lysterlys.

Complete 8-Day Motor Trip to Utah

A motor trip of eight days was completed by Mr. and Mrs. Homer Jenkins and son Michael with their return to the Village this week.

While away the family visited Dixie National Park, Utah where they did some fishing. En route the Jenkins visited Mrs. Jenkin's parents in Sacramento.

Mr. and Mrs. Joseph Henderson and children, Moira and Joseph Jr. are preparing to leave the Village this week-end for a week's vacation at Balboa.

Mr. William Goodridge Sr. left Tuesday to spend the week-end guest of Mr. and Mrs. Rob Ransom in Los Angeles.

Group Take To Sea For Albacore Fishing

Lure of catching a fighting albacore on the end of a fishing line was too much for ten Villagers to resist.

Wednesday the group consisting of Mr. and Mrs. Merrill Crockett, Mr. and Mrs. Gerald Sanborn, Mr. and Mrs. Lou Billington, Mr. and Mrs. George Kreimer and Mr. and Mrs. Homer Jenkins, left for Newport Beach.

At the beach town the fishermen will board a chartered boat to try their luck at catching the albacore tuna, reported to be running in huge schools off the Southern California coast.

Jud Osburn Jr., operator of Osburn's Associated Service station, was in the Village yesterday. He and his family are spending the summer at Shore Acres, Big Bear. They expect to return to Palm Springs September 15.

Father McCleary of San Francisco, who conducted the mission at the Lady of Solitude church last Spring, is filling the pulpit at that church during the absence of Father Michael O'Connor, away on two weeks' leave.

Mrs. Harry Brock, who has been traveling for some time, postcarded from Lake Sunapee, N. H. She is visiting at the Yverdon Hotel, owned by her sister. She plans to spend a month there and will travel to New York before returning to the Village Labor Day.

Mr. and Mrs. Joe Butler are preparing to leave for points north, visiting with relatives and friends. All rodeos and western shows between here and Oregon will find the Butlers present.

War Widows Fail To Take Advantage Of State Benefits

Comparatively few widows and children of deceased war veterans residing in Riverside county, are taking advantage of state financial help, in furthering the education of the veteran's children, according to James E. Carlsen, county veterans service officer.

Carlsen urged those who plan to take advantage of the state benefits, to complete application procedure in time for the school term. He said full information as to the eligibility is available at his office in the Memorial Auditorium, Riverside.

IF A VETERAN died as a result of military service in either of the two World Wars, his widow—provided she has not remarried—and his children may receive up to \$40 a month to help complete their education, Carlsen said. Adopted and stepchildren are included.

And those benefits are in addition to any Federal pensions received through the Veterans Administration, he said.

THE \$40 A MONTH is the maximum available to widows and children whose training is on the college or trade school level. The widow may get it for as much as four years, the children until their education is completed, or up to age 27.

Children in high school may get \$20 a month in these State payments, he said.

Employment at New High During July

Factory employment in California again increased sharply in July, announced Paul Scharrenberg, director of industrial relations.

Based on preliminary tabulations it is estimated that 492,000 production workers were employed in California plants in mid-July compared with 471,000 in June, and 475,000 in July of last year.

If clerical, sales, administrative and other non-factory workers are included, total employment in California manufacturing industries reached 735,400 in July, an increase of nearly 23,000 from June, and a gain of more than 31,000 from July, 1947.

The sharp rise in July is due primarily to the usual seasonal rise in the canning and lumber industries. In addition, significant employment increases were reported by the following industries: Apparel, iron and steel products, aircraft, electrical equipment and automobiles.

In the durable goods group as a whole, plant employment rose to 271,600 production workers from 266,700 in the preceding month.

The number of factory workers in nondurable goods industries jumped from 204,400 in June to 220,400, the highest July total on record.

Build Lowest Priced Airship In Hemet

Riverside county may become the home of the lowest priced four passenger airplane manufactured, selling for about the same that a convertible automobile sells for today, if the plans of Max B. Harlow, president of the Atlas Aircraft Company come true.

Home of the Atlas company is Hemet, where it occupies a 100,000-square foot assembly plant.

The Atlas H-10, a four-place, all-metal monoplane designed to sell for \$3000, was previewed Wednesday at Clover Field, Santa Monica.

Performance of the experimental prototype was listed as: top speed, 170 m.p.h.; cruising, 150 m.p.h.; service ceiling, 15,000 feet; range, 600 miles.

Through unique production features and elimination of wastage in procurement of component parts, he added, it is hoped volume production can be achieved and prices held to the level of the average convertible.

The company also will offer low-cost maintenance through Atlas dealers and distributors throughout the country, Harlow said.

Wing span of the craft is 35 feet, 9 inches, and over-all length 28 feet, 4 inches. The ship has retractable conventional gear and

Buy Pottery Kiln For Girl Scouts Handicrafts

Palm Springs Girl Scouts will learn the art of pottery next Fall.

This was seen in the report that the handicraft committee has purchased a kiln in Los Angeles last week. Traveling to that city to purchase the kiln and other equipment were Mrs. Frederick Morrison and daughter Margot and Mrs. Kitty French and her son Ronnie.

A large class in the art of making pottery is expected to be organized, it was reported.

Mrs. French and son returned to the Village the same day but Mrs. Morrison and daughter remained there for a few days.

The Desert Sun—3

Oliver and Peck Jr. To Hold Desert Circus

Vernon Peck Jr., well known operator of the Little Red Barn, North Hollywood, will combine his showmanship with "Desert Rat" Harry Oliver to give this community a hilarious museum of desert rat oddities, music of the Gay Nineties and relics of Desert '49er days, Oliver announced.

Vernon Peck Jr., is a great-grandson of Governor George Peck of Wisconsin, famous in the gay nineties as a humorous statesman and author of the numerous Peck's Bad Boy series. Peck Jr., is building a home in Palm Desert. Workmen are busy fencing, painting signs and enlarging the old Fort.

Mr. and Mrs. Burt Braine are preparing to depart for Westwood where they will visit friends. Later they plan to motor to Grand Canyon. They will be

absent from the Village for two weeks.

Name Mrs. Tebo To Democratic Post

Vacancy on the California State Democratic Central Committee was filled with the appointment of Mrs. Frank Tebo of Indio, it was announced. She is the wife of the Riverside County Democratic Central committeeman, Frank Tebo.

Mrs. Majorie Aubrey, Riverside, was appointed an elector for the November elections. Tebo, just back from the convention at Philadelphia, announced tentative plans to hold a meeting of his committee at the Old South Tea Room in Riverside, August 31.

Mrs. Lorraine Harper left Monday for Rancho Contento in Arcadia. She returned Tuesday with her daughter, Natalie, her mother, Mrs. Jean Alcalay, and brother, Ernest Alcalay. The latter three were vacationing there since last week.

Mr. and Mrs. Sid Canoles and children, Lydia, Anne, Ronald, and Norman, returned to the Village after spending ten days at Mr. Canoles' parents' ranch at Visalia, Calif.

Marianne Fink of San Jose is visiting her grandmother, Mrs. Antoinette Romatko of 289 Athel street. She plans to stay until school re-opens.

SAFEWAY PEACH SALE!

Here it is folks, Safeway's annual peach sale, featuring plump juicy peaches... just the kind you have been waiting for. Out of the orchards and into your Safeway so quickly that they still have the tree-ripened blush that says "marvelous flavor." Enjoy their goodness now, sliced or halved fresh with cereals or ice cream. Capture goodness by canning or freezing to provide a summer glow for next winter's meals. The peak of the peach season is here and abundant supplies await your selection at Safeway. Buy them by the lug and save.

Cathedral City News Roundup

VICTORIA SCHERCK, Correspondent

Phone 1592

Mr. and Mrs. Clinton Hunt and daughter from the Vista Alegre date gardens, La Quinta, are on an extended trip through the United States and while in Kingston, N. Y., visited Jim and Mary Wolseth.

Mr. and Mrs. Willard (Bill) Hilley spend several days at their cabin on Thomas mountain, they are home on business for a few days but will return to the mountains for a further rest.

Word from Al and Doris Sprague from Hoodsport, Wash., report they were to leave there for Park Lake in eastern Washington for some swimming and trout fishing before returning home around September 1. They have spent a very enjoyable vacation at Hoodsport. Knowing Al and Doris we feel they would enjoy themselves wherever they might vacation.

Miss Christina Lillian, owner of the Swen-Ska, is spending a week in San Diego on business. She expects to spend the remainder of her vacation at Idyllwild.

A Warning! We have been told of a very pretty, lacy and innocent looking weed that springs up here and there and grows without care or water. Some have tried covering their yards with this weed but find that it produces hundreds of treacherous burs that will work into shoes and tires. They also are bad for bare feet of animals. There is a plant on display at the building next door to the fire house if anyone cares to see what we are trying to warn you against.

Mr. and Mrs. Marion (Butch) Harris returned home after a nice vacation in the high Sierras.

After about three weeks "vacation" our fire truck was called to stand by at Indio twice in 12 hours.

Mr. and Mrs. Ed Martin and son, Charles, attended the wedding of a friend, Jacqueline Griene. She was married to David Preciado at the First Christian church, Inglewood, last week.

Mrs. Jean McCall and children visited her mother in Pasadena for a few days.

Al and Doris Sprague reports a visit from Dr. and Mrs. M. E. Kemp and son, Douglas, at their camp in Hoodsport, Wash. The Kemps are traveling around the Olympic peninsula and east of the mountains.

Jim and Mary Wolseth report their vacation in Woodstock, N. Y., continues to be interesting. They have been attending

music concerts at the Mavens theatre each Sunday. Mary says it is a lovely rustic open air place in the woods. They attended the Stockbridge Music Festival in the Berkshire Hills.

Carroll and Loleta Waller are having a wonderful vacation visiting Bremerton, Seattle and Topag Island in the San Juan group. They expect to visit friends at the Archipelago Yacht club, then will ferry over to Victoria, back to Seattle for a few days, then to the southland via the coast route through the redwoods. Enroute they will spend several days at Coos Bay and San Francisco.

Mrs. Jackie Martin and son, Charles, spent last week in Long Beach visiting with her mother and sister.

Mrs. A. J. Lacey recently returned to Long Beach from a visit with friends in San Francisco. She will remain in Long Beach until it is cooler here.

Speaking of cooler weather, it was so cool in Cathedral City on Monday morning you could have without too much effort imagined there was snow on the mountains. Of interest to our Cathedral vacationers, we have truly had a pleasant summer, with the exception of a few days.

Mrs. Pearl Brown wishes to extend her good wishes to all the friends and neighbors who have been so kind and helpful through Mr. Brown's illness. Everyone will be glad to know he is improving.

Mrs. Emma Hammill is visiting friends and relatives in Wisconsin. She plans to attend a retreat in St. Joseph, Minn., in August and from there will go to Beach, North Dakota, and various points in Montana. She will attend the wedding of a granddaughter at Kalispell, Montana, and from there will return to the desert.

Word from Mr. and Mrs. L. C. Lewis reports that on their way to Portland, Oregon, they drove through snow drifts higher than the car. This was near Manzanita Lake, Calif. They are taking in Lassen park, also.

Mr. and Mrs. Ray Potter entertained a few friends at their Banning home with a Weiner bake and watermelon feed.

Unless we mobilize our votes and elect men and women to congress who represent the rights of labor, it will be a rare union two years from now that will be able to stand up under the blistering attack we can expect from the National Association of Manufacturers. —Jack Kroll, C.I.O. political action director.

"Great Spectacle"
Writes Wolseth of
Lions' Convention

James E. Wolseth, delegate to the convention of International Lions clubs in New York City gives his impressions of the meeting and Manhattan in the following letter:

Byrdcliffe, Woodstock, N.Y.
August 1, 1948

Dear Les and Fellow Lions:
I returned to Woodstock last week tired but happy to have been able to attend the Lions International convention in New York City July 25 to 29. And what an impressive gathering it was! Thanks for sending me as your delegate because it was a glorious experience.

Upon arrival by bus on Sunday afternoon I went to Madison Square Gardens which was the convention hall and where I had my credentials certified, secured the official program and hospitality booklet and then visited the states' booths which were set up to extol the merits of each state. Thought I should have had some of our new Cathedral City folders along! The Hawaiian delegates made a big hit by distributing 30,000 orchids flown over from the Islands for the occasion. Alabama distributed miniature bales of cotton and Florida had a very pretty girl giving out orange juice to thirsty wolves. This was the best of all for it was hot and humid weather. The California-Nevada group wore the early California Don dress, the Texans gay Western outfits and the Canadians maple leaf emblems on gold and purple jackets.

THE MAIN CONVENTION session opened on Monday morning with a sincere welcoming address from Mayor William O'Dwyer. Tom Dewey was scheduled to speak also but had to cancel at the last moment, the audience giving a big groan when this was announced. After other speeches were made, a very impressive flag presentation ceremony of all the nations represented in Lions International was held. A girl in the native costume of each country presented her country's flag which was flanked with two honor guards. A bugler gave the call to colors and the national anthem of each flag was played.

One of the most impressive highlights of the entire convention was the Lions parade along the streets of New York, and was glad we had grandstand seats because it went on for two and a half hours. There were many beautiful floats and colorful bands with prancing majorettes. It was televised and described for a network of listeners. The army had planes flying in formation overhead. It was just beginning to get dark when the parade ended having started at six o'clock when the shadows had begun to fall. Good judgment on the part of the hosts.

EACH NIGHT throughout the convention we were entertained with excellent performers at Madison Square Garden, and each night we wondered how it could ever be improved upon. One night the Lions master of ceremonies asked that all the lights be turned off, and on signal 30,000 people each lit a match. They were seated on the main floor and in three tiers of balconies, so you can imagine what a sight it made.

California Presentation Night was highlighted with the introduction of Lions International officers and directors, first being Fred W. Smith, International president from Ventura, California, who led the grand march. All California-Nevada delegates joined in the grand march as escorts to the officers. Another feature of the evening was opera singer Jan Pearce who gave generously of his magnificent voice in many encores.

AT THE CALIFORNIA State breakfast Tuesday morning in the Waldorf Astoria, where most of the California delegates were housed, our desert area was well represented with Lloyd Simon and Rev. Macartney from Palm

Springs, Boyington Jones from Coachella and James Wolseth from Cathedral City. Frank Shufelt and his wife seemed like our own desert group. President Smith gave an interesting talk on various aspects of Lionism and we enjoyed a wonderful ham and egg breakfast even though it cost \$3.50, extra coffee furnished. With breakfast over most of us went to the convention hall to ponder the merits of the candidates who had been nominated that morning. It was quite a Philadelphia show with demonstrations and bands for each favorite son and the chairman behind schedule, pounding the gavel for order to proceed. By noon hunger prevailed and we left the hall for a late lunch at the Automat.

Having heard speeches all morning I decided to go on a Rockefeller Center and N.B.C. tour that afternoon. The visibility from the cloud scraper was excellent and we zoomed to the 71st floor in less than a minute.

After completing the tour we were told that we had covered almost two miles of walking, but even my feet didn't realize it. One interesting feature is that this building houses 30,000 people, virtually a city within a city. Our pretty girl guide we called "Mary" and we her "little lambs." Mary must average five or six tours a day. Had two hours of much needed rest at the hotel and then off to a reception at the Waldorf for the Southern California delegates. A bowl of ice cubes doesn't last long in New York in July weather! Having been tipped off not to miss the big International Night Revue we thanked our congenial hosts and taxied over to Gallagher's restaurant, famous for its good food. With the convention hall only a few blocks away we walked there, but were delayed slightly by Lloyd Simon who gave out his cards to likely female prospects—pictorial post cards of our desert southland!

THE CONVENTION HALL was jam-packed but we managed seats in the crowd nest gallery and thoroughly enjoyed the dancing of the Roxyettes, clowns, singers and wacky comedians. I raise my hat to Lion Sidney Page of Chicago who produced this spectacle.

The core of Broadway drew most of the crowd after the show, while some went to the International ball held in several of the large hotels. I went to bed early—in the morning, that is—so as to be somewhat fresh for the 7:30 breakfast at the Waldorf with the other droopy California delegates. We were given a talk on the political situation within the organization and also given recommendations as to candidates. It was decided among the delegates of California to give a good television set as a token of esteem to Fred Smith, retiring president of Lions International. This was our last get-together breakfast and the serious business of voting was the feature of the last morning at the convention hall. Each delegate showed his credential card which was picked up and he was then given a ballot to mark. This he dropped in a sealed box. The process was simple and quick which it had to be to accommodate so many thousands. The convention session was adjourned at noon after the singing of Auld Lang Syne. It was interesting to observe how much exhilaration and excitement a convention such as this can generate, and thanks again Cathedral Lions for giving me the opportunity of being part of it.

Sincerely

JAMES K. WOLSETH

Mrs. Morgan
Leases Ranch

Dream long cherished by Mrs. Ferol Morgan came true for her this week, it was announced.

For many years Mrs. Morgan has been seeking to lease a small ranch and she accomplished this, it was reported, last week. The desired ranch was leased near the town of Ceres, California.

Gene Morgan, son and Mrs. Morgan, who recently returned from Los Angeles, where he attended the National Broadcasting Company Institute during a six week course in radio work.

State Aid
Sought For
Flood Repairs

City council in adjourned session Wednesday afternoon unanimously voted a resolution calling upon the state of California for financial assistance in the repair of streets damaged by flood waters.

The resolution, only a matter of form, was voted on the recommendation of City Manager William E. Alworth. He told the council that cost of repairs would amount to \$13,079, and that the state would only advance half that sum. The balance of the matching funds would have to be supplied by the city treasury, Alworth stated.

Acting under regulations of the state highway commission, council Wednesday voted to sealcoat 19 miles of city streets of major importance, repair of some and install curbs on others.

The formal resolution is necessary in order to use this city's share of the state gasoline tax, it was learned.

From Page One—MORE ABOUT

This Side of Sun ...

or fancy, is more deadly than the most lethal weapon of war. Used by a professional propagandist it can turn brother against brother, community against community; the North and the South as it did against each other, and nation against nation. Hitler used this weapon to divide and conquer until finally the counter propaganda started working, finally backed by giant howitzers.

ALL OF THE LAST is in comparative contrast to the campaign being waged by Samuel H. Rubenson Jr. in behalf of his \$10,000,000 cement plant. This week he has been spending plenty of moola for propaganda purposes with radio broadcasts in Riverside, Banning, and Indio. Lives there a man so just, who would stand on his feet and personally but fairly explain the other side of a controversial question he favors?

CULTURAL ARTS is a phrase and an event the average person shies away from. The word for some reason, is associated with "stiff" necks, starched shirt fronts and the outmoded cuff links. Cultivating the taste of a community for cultural music would probably make the event a greater success if the ad-writers would merely write: "Come and hear some darn good music tonight!"

Can't help recalling the report of a well known Villager, who recently returned from a vacation, raving about the cultural music he heard in some northern town.

"Bill," he said, "I am convinced that every town must have its cultural side. You should have seen the famous patrons of the music world in attendance at the recitals."

He never mentioned if just plain Joe, Mabel, Jack and Mary were present too. Believe they would have liked the music if the recital was tabbed as a show everyone would like to hear. But maybe I'm wrong again.

BUT SPEAKING of culture again am reminded of the idea advanced by Sol Lesser, motion picture producer and home owner here. He feels that Palm Springs should have a little theatre group similar to those in Laguna Beach, La Jolla and the famous Pasadena Players. Personally, I believe the proper name for such a venture should be the "Player's Work Shop." The name is more earthy, and would induce hidden talent in the Village, who may otherwise think the outfit too snooty for them to take a part.

Just the same, Lesser, "speaking" louder than words with the offer of \$500 to get the organization started, was followed by many others in Palm Springs, with the same kind of hard cash. That was last Spring. The idea remained an idea because of the lack of an organizer. Am told it will be revived again this Fall with almost certain success assured.

AN OLD FRIEND came to town the other day. Hadn't seen him in at least six years. Was amazed at the inroads time had made in his physical appearance. He must have been just as shocked at the sight of me. The encounter left the thought that when a man stops growing he starts dying. Nature is not static, they say. Wonder if that thought can be applied to nations and all civilization?

THE VILLAGE WAG, on learning Nature Boy was in town last week, came up with this one: "Spell Nature Boy backward and there's a name some one could use for an even better patent medicine."

Mayor Charley Farrell, trying to master parliamentary law at council sessions, solemnly stated: "Have been reading that book, Robert's Rules of Order," and it leaves me cold. The best one he's told on himself through deals with the matronly dame who gushed up to him and exclaimed: "Oh, you're the Charley Farrell who starred in 'Seven-Up.'"

Mrs. Hutch Moseley entertained at a bridge luncheon at her home at 266 Palo Verde. The guests included Mrs. Charles La Rue, Mrs. Gene Hughes, and Mrs.

Tip From Brides-To-Be

NORTON, MASS.—Enraged to be married students at Wheaton College, here, are members of the "Diamond Ring", an extra-curricular activity supervised by faculty wives who teach practical homemaking. Members of the "Diamond Ring" are shown above with the Tip Toe by Yale, which was declared winner in a "use test" of ten well known automatic irons. "Ring" member, Patricia Spencer, left, shows how a southpaw uses Tip Toe's reversible cord to great advantage.

From Page 9—MORE ABOUT

4-Year Fight ...

council voted the resolution.

Warren Pinney, former manager of the El Mirador hotel, who was in the city this week, stated that the hotel did a \$400,000 annual business before the war and believes that it would gross more than \$600,000, if in operation during winter seasons now.

"IT WILL TAKE about three to four months to re-furnish and re-furnish the hotel," Pinney said.

First attempt on the part of the city to obtain all of Torney General hospital started not long after V-J Day, in 1945. At that time the application set forth that the property would be used for city offices, an additional fire station, hospital, recreation, parks, and that the buildings standing there by fraternal and service organizations in the Village.

"IT WAS A GLORIOUS attempt if the city could have purchased the property at expected discounts," was the comment of one spectator in the council chamber Wednesday.

But WAA ruled against the city on the face of the submitted application and asked that another one be sent in. This suggested revival of the application finally necessitated the journey of City Manager William E. Alworth and former Councilman Culver Nichols to Washington, D. C. When they returned from the nation's capital, they reported that it would be a hard struggle to convince WAA of Palm Springs' need for the property.

THE STRUGGLE finally brought about a special bond election May 20, 1947, amounting to \$500,000 to be used in the purchase of the property. The election which saw the greatest turnout of voters in the Village, resulted in the defeat of the measure by the narrow margin of four votes. Most of the residents here were in favor of the bond issue but it took a majority of two-thirds of the electorate to carry the proposal.

The voters for and against the bond issue were sharply divided with no compromise possible. Many friendships in the Village of long standing, were broken during the pre-election campaigns but wounds created there are believed thoroughly healed now.

ACTION of the Council Wednesday had, according to opinion expressed around the council chambers, that it would be impossible for the city to purchase the El Mirador property for the expected sale price WAA will set.

Boyd said that the operation

of the hotel as an addition to the

Village would bring many more visitors to the city and better business for merchants.

Zoning Law ...

ordinance Redwine replied, "for every adverse act, a remedy can be found."

He said that he would have the zoning ordinance requested by supervisors in their hands, perhaps, next Monday but was almost sure, he would have it completed by the following Monday.

As to the legality of the instrument Redwine is preparing he said:

"I'M GOING to do my best to prepare an ordinance that will withstand legal battering."

Riverside attorneys for Guiberson are reported planning to fight the adoption of the ordinance with every known legal weapon.

Report as of yesterday, from sources close to the county supervisor's board, showed no change in the sentiment of the county law makers. They voted four to one in asking for the zoning ordinance.

Poliomyelitis

By R. S. WESTPHAL, M.D.
County Health Officer
In cooperation with the Riverside County Medical association.

In view of the apparent concern of the public of Riverside county, comments relative to infantile paralysis or polio are in order. While other parts of the state have been having large numbers of cases this year, Riverside county has been very fortunate. One reason for this is that epidemics of polio usually occur at intervals of two to three years with few cases in between the epidemic years. In 1946 Riverside county had the biggest epidemic in the last twenty years of its history.

How Contagious Is It?

The present trend in medical thought regarding polio is that patients can be admitted to general medical wards of any hospital with only a few individual isolation precautions; in fact some states now require that the patient with polio be isolated only until the temperature is normal, and there is no quarantine of the family. There is ample reason for this opinion.

How Does It Compare in Severity With Other Diseases?

It is felt by many medical authorities that the importance of polio as a severe disease is much exaggerated. A study of the causes of death in the State of California in 1946 indicates that even though it was an epidemic year for polio, the number of deaths was relatively small when compared to other communicable diseases. During '94 there were 49 deaths from polio in young

people under 20 years of age. There were about as many or more deaths from each of many diseases including measles, whooping cough, diphtheria, influenza, and meningitis. While it seems hard to believe, there were almost four times as many deaths from cancer and other tumors and ten times as many deaths from diarrhea and intestinal diseases in people under 20 years of age than there were from polio. Acute communicable diseases such as chicken pox, smallpox, diphtheria, measles and whooping cough have never been controlled by isolation and quarantine measures and the same holds true for polio. Most of the previous diseases mentioned can be controlled by vaccination but unfortunately such a measure is not yet available for polio.

How Does It Affect the Victim?

It has been stated by several authorities on polio that there are probably several hundred people who are exposed to the germ and have the germ in their throats or intestines without having any symptoms, for every one case which is recognized as polio. The majority of people affected by the germ have only slight temporary muscle weakness; a smaller proportion have very mild paralysis; relatively few have severe paralysis; and a still smaller proportion die from the disease. The death rate was only 2.2 per cent of all cases in the 1946 outbreak in California. This varies some with different epidemics. Because of this wide range of severity, a diagnosis is frequently extremely difficult except in more severe cases.

Mrs. Mildred Veano, president of the Business Women's club, daughter Sandra, and mother and father, Mr. and Mrs. William B. Maranville, have returned from a month's tour through northern country, including Canada.

"I Rise to Remark"

By Congressman John Phillips

Honorable Harry S. Truman
President of the United States
The White House
My dear Mr. President:

I have a problem. You are the only one who can help me solve it. I represent a district in which about three hundred thousand people live, and they are very fine people, and intelligent people. In fact, I consider them above the average intelligence of the country. They are interested in domestic and international matters. If I had space, I'd explain why I say these things. Perhaps when you were a Senator from Missouri, you thought the same of the people of that state, so you'll understand my position now.

Now Mr. President, my problem is this: what am I going to tell my people about this special session and about your message on July 27th? You went over to Philadelphia and you cheered up a convention of your party by coming out of your corner fighting, and announcing you were going to call a special session of Congress. You hadn't discussed this with your leaders, nor with ours; you did it under the "extraordinary occasion" provision of the Constitution. What shall I tell my people was "extraordinary" about it?

What shall I tell them about the situation in Berlin? Maybe that was "extraordinary," but you didn't say a word about that, all the time we were here.

One of our committees did hear witnesses who had worked in the communist movement, and gave names and addresses of government appointees who had given secret information to the Russians. You said that was a "red herring," although it was confirmed by FBI records. That's going to be hard for me to explain. Why wouldn't you permit the records of these employees, who were really accused of treason, to be sent to the Congress? I won't know how to explain your position on that.

What troubles me more, is an apparent inconsistency about the cost of living problem. You said a year ago that inflation was our most serious threat, and that government spending was the cause of inflation. You say (on July 27th) that the cost of living is so serious that Congress has to do something about it. I won't argue that now. Personally I don't think Congress has any patent medicine for sale. What troubles me is that in the same speech you proposed the expenditure of billions of dollars for cheap houses for low income groups, which everyone admits would increase inflation, besides not getting any more houses built. You want the cost of living reduced, yet your message, if we had accepted your recommendations, would have increased government expenditures by about 50% and put the nation ten billions a year in the red, instead of in the black, as Congress has been trying to keep it.

Mr. President, these things concern me. How in the world am I

going to explain your message to my people at home?

Your troubled friend from
Banning,
JOHN PHILLIPS, M. C.

Nardoni To Attend Eagle Convention

August Nardoni, local insurance and real estate operator, left yesterday by airplane for Seattle, where he will attend the 50th anniversary convention of the Fraternal Order of Eagles.

The organization was founded in Seattle a half century ago. Nardoni is a past president of the Hollywood Aerie of Eagles.

He said that on his return to the Village he plans to pursue the organization of a chapter of Elks here.

Toyon Bay Popular With Villagers

Mayor Charley Farrell, commuting back and forth between Palm Springs and Toyon Bay on Catalina Island, reported that several villagers have visited his place on the island during the past ten days.

There for visit and rest were: Ralph Hemphill, Mrs. Lee Berling, Mr. and Mrs. Barney Hinkle, Mr. and Mrs. Harold Hicks and Milton Hicks, Mr. and Mrs. Robert Ransom and Mr. and Mrs. Herb Foster.

Touring Europe Wants Desert Sun Forwarded

Mrs. L. J. Mooney, now vacationing in Europe with her daughter Patricia writes The Desert Sun to forward each issue of this paper to her in England. Mother and daughter plan to visit Lake Como, Italy, and Paris and hope to return to the United States November 26.

Registration for General Election Closes Sept. 23

Only 42 days remain until September 23, the date marking the close of voters' registrations for the forthcoming general election in November.

For the information of new residents in the county and city, the following conditions must be met by Banning electors:

1. You must be at least 21 years of age at the time of the election.
2. You must have been a citizen of the U. S. for at least 90 days prior to the election.
3. You must have been a resident of the state for one year, the county for 90 days, and your voting precinct for 40 days.

Mrs. Jennie Leonesio is planning to leave Sunday for a month vacation away from the Village. She intends to visit her son Bruno Leonesio in San Diego for a few days and then proceed to Yosemite National Park and San Francisco.

Long on Looks - and actions too

YES, you make a mighty handsome picture, sweeping down the street in this sleek and neat-lined carriage.

You look super and feel super — because what you've got your hands on is not only a fashion plate, but a very SUPER-doer too.

Your hand on the wheel rests ever light and easy because this beauty tracks so true, obeys so readily your slightest guidance.

Your treadle foot can get an instant crescendo from the quiet purr of a Fireball power plant that's patiently content when you want to take it easy — and beaver-eager the instant you signal for action.

Big soft billowy tires mounted on the widest rims in the industry lay a feather pillow over the roadway's rough spots.

Soft deep springs of coil steel soak up shocks and blows that spell jarring jolts and jounces in lesser vehicles.

Power flows with a special silkiness from which engine sensation is eliminated by special Hi-Poised engine mountings not found in any other automobile on the market.

When you want to loaf, you loaf in deep content. When you want to go, you go with a

surge of thrilling power that won't be denied its place at the head of the procession.

Fun? Of course it's fun to travel in Buick SUPER fashion.

It's the fun of traveling in style, traveling in comfort, traveling with adventuresome dash.

What's holding you back from seeing your Buick dealer and getting an order in — with or without a car to trade?

When better automobiles
are built

BUICK
will build them

BUICK alone has all these features

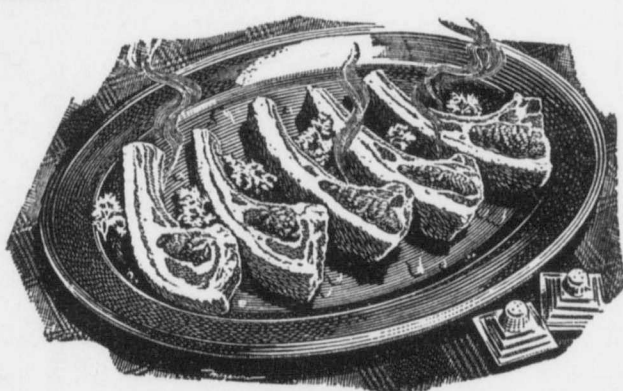

- * DYNAFLOW DRIVE (Optional, Roadmaster Series)

PALM SPRINGS, CALIF.

You're paying MORE for chops nowadays
...but LESS for the gas to broil them!

GAS COSTS YOU EVEN LESS NOW THAN IN 1939!

No matter how you economize, your meat bill, too, is considerably larger than before the war. One consolation, however, is that you can broil chops, braise beef or bake ham with little concern for the cost of the gas. While other prices went up and up, natural gas stayed down. It actually costs you less now than in 1939!

Our own expenses have soared like most of yours. New extensions, for example, cost us 2½ to 3 times more than just a few years back. But we have met rising prices and still kept gas your household bargain by 1) serving more gas to more people... 60% more customers than ten years ago... and 2) "kneeing on our toes"... constantly striving to find new ways to achieve greater efficiency and more economical operation.

As your cost of living goes up, gas becomes a bigger bargain than ever. Its truly low price... and superior performance in modern automatic appliances... is why gas is first choice in Southern California for cooking, water heating, house heating and refrigeration.

Cal. Electric Co. Reports Drop in Annual Revenue

Net electric operating revenue of the California Electric Power company showed a decline of 8.1 per cent, stockholders were informed by letter this week.

The company said electric revenues for the second quarter of 1948 were 12.6 ahead of last year but operating expenses were up 24.1 per cent.

THIS RESULTED in a 8.1 per cent decline in net electric operating revenue, the company said.

The letter, signed by company President Albert C. Cage, told the stockholders for the year ending June 30, 1948, common earnings were 71 cents a share versus 78 cents the previous year. Earnings for the second quarter of 1948 were equivalent to 19 cents a share on common stock compared with 23 cents for the same quarter last year.

NET EARNINGS continue to reflect the season's subnormal precipitation on Calelectric's watersheds, the announcement said.

Stockholders were told that telephone operations continue to show a substantial improvement over last year and that growth of load and customers added for both telephone and electric service is continuing at an accelerated rate.

Europe To Get 1,200,000 Lbs. of Valley Dates

Approximately 1,200,000 pounds of surplus Coachella Valley date crop was reported bought by the United States government for shipment to Europe. The amount of dates represented the residue of the 1947 harvest and was of a quality not acceptable for this country's retail trade.

The dates were packed in the sheds at Pyramid Date Gardens, Covadita, Cal-Date and others and then shipped in refrigerated cars to Long Beach.

Officials of the date grower's association, declared that the purchase of the dates by the government, saw for the first time in four years, a complete sellout of a season's crop. It was stated that last year there were 38,000,000 pounds to sell. This year there will be 13,250,000 pounds less to dispose of and the crop should bring an excellent price, it was predicted.

Off on a three week vacation Monday will go Mrs. Helen Krebs. She plans to spend her time at coastal beaches.

Former Secretary Is Sunday Visitor Here

Members of the Palm Springs Community church were delighted to see Mr. and Mrs. John Lewis at services Sunday. Mrs. Lewis will be remembered as the former Miss Virginia Westmoreland, who was secretary of the Community church for many years, when Dr. John R. Macartney was the pastor.

Her husband directed the singing during the Sunday services and Mrs. Lewis accompanied on the piano. Reported as delightful, was the violin music of Miss Jane Wallace, who is only 15 years of age. She may be in the Village and play at the church every Sunday for the remainder of the summer. Marlene Markham rounded out the musical program for the day with a piano solo. Dr. Donald K. Blackie, visiting minister, filled the pulpit last Sunday.

Chaplain Aydelott To Preach Sunday

Visiting pastor at the Palm Springs Community church this Sunday will be Reverend L. Clark Aydelott, chief chaplain of the Los Angeles General County hospital. He is a former minister of west coast churches and song leader in many of them.

Next Sunday will not be the first visit of Chaplain Aydelott to Palm Springs. He has been here several times during the past few years. He was scheduled to arrive

in the Village Monday to spend the week but was forced to change his plans, due to the epidemic of polio in Los Angeles.

He will conduct services at 11 a.m. Sunday, 7:30 p.m. and will teach the adult Bible class at 9:45 a.m.

Mrs. Osborne With Husband At Fort Lewis, Washington

Word has just been received that Mrs. Ralph M. Osborne, daughter of Mrs. Arthur Haddock, is now with her husband Colonel Ralph M. Osborne at Fort Lewis, Washington, Col. Osborne recently succeeded to the command of that military establishment.

KITCHEN TRICK

COOL OFF—keep several varieties of canned fruit juice in the refrigerator. Combine any two with fresh lemon or lime juice for a refreshing summer drink.

HOUSEHOLD HINT

LENGTHENING cotton dresses? Hide the old hem mark by covering it with a band of colorful ric-rac sewn around the skirt.

RECIPE

COTTAGE CHEESE BREAD PUDDING

1 c. cottage cheese
2 eggs, separated
1/4 tsp. salt
1/4 tsp. cinnamon
1/2 tsp. nutmeg
2 c. bread, cubed
1/2 c. sugar
1 c. milk
1/4 c. raisins
ginger

Line the bottom of a baking dish with bread. Cream cottage cheese, egg yolk, milk and all but two tablespoons of sugar. Add salt, spices and pour over bread. Bake in moderate oven (325°) until set. Make meringue with 2 Tbsp. sugar and stiffly beaten egg whites. Spread on pudding, brown lightly.

HIGH ADVENTURE

EXCITING DAYS of the old Wild West are brought to life in the adventures of the Cisco Kid and Pancho—presented by Weber's Bread every Monday, Wednesday and Friday at 7:30 P.M. over KHJ, Los Angeles, or your local Don Lee Mutual Station.

Going Ahead with Palm Springs

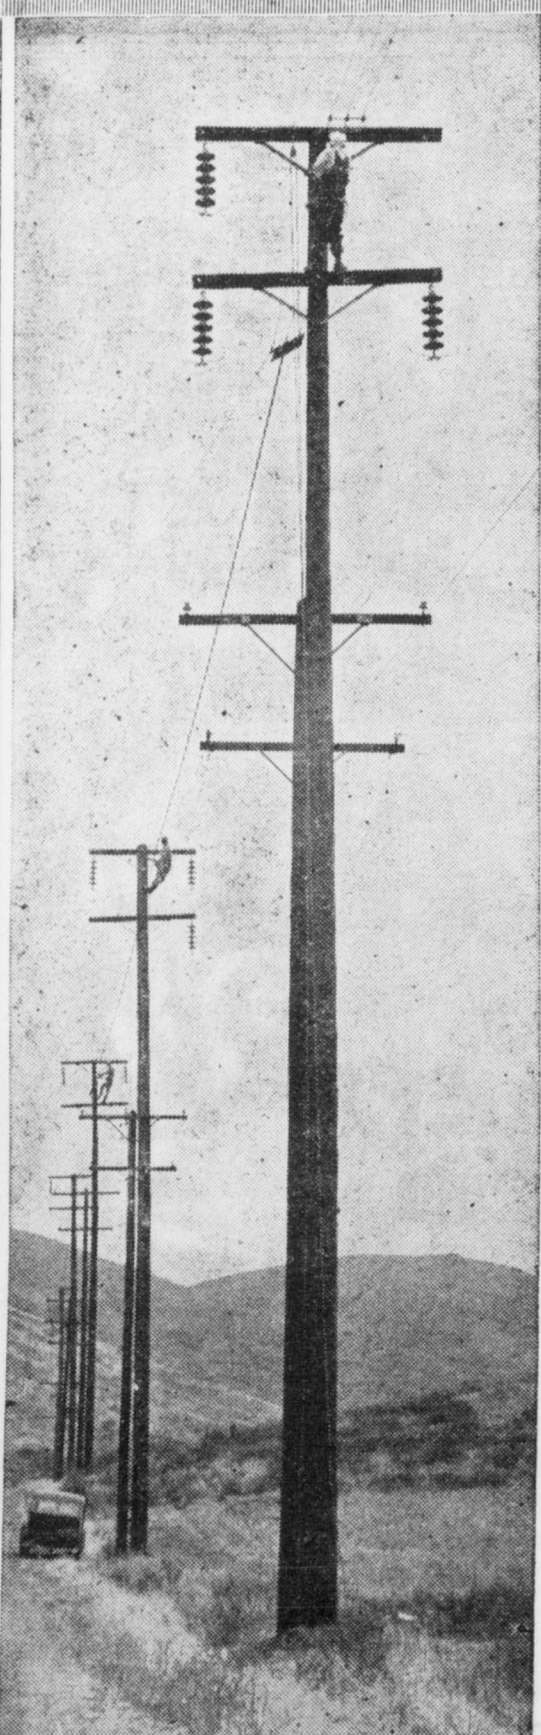

The responsibility of furnishing ELECTRIC SERVICE to California carries with it an obligation that the service shall be adequate and dependable. To meet the unprecedented demands for service, and to keep pace with California's amazing growth, we are engaged in the largest expansion and improvement program in our history.

During the year 1947, this company invested over \$508,000 in electrical service facilities for this District alone, and will in 1948 add over \$812,000 more to supply your electrical demands.

The picture on the left is representative of this huge construction program. This Crew, under the Foremanship of George James, a 32-Year Employee, is building a 69,000-volt line to help meet increased demands for electricity.

Similar large scale construction is being carried on throughout our system and means steady employment for hundreds of California Citizens and in addition, dependable electric service for thousands more.

California Electric Power Company

Hit New Record In Home Building

Construction work hit a new high of \$1,724,000,000 in July, topping Jones' record level by \$119,000,000, or 7 per cent.

The Bureau of Labor Statistics said the July expenditure for new construction was \$460,000,000—or 36 per cent—above the same month in 1947.

Private housing construction rose to \$667,000,000 in July, an all-time high in dollar volume.

LEGAL NOTICES

CERTIFICATE OF BUSINESS

The undersigned does hereby certify that he is conducting a ice cream retail business at 324 No. Palm Canyon Drive, City of Palm Springs, County of Riverside, State of California, under the fictitious firm name of

From Moo To You Ice Cream and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

R. H. Knotts
215 Cabrillo Road
Palm Springs.

WITNESS my hand this 9th day of August, 1948.

R. H. KNOTTS
STATE OF CALIFORNIA,
COUNTY OF RIVERSIDE, ss.

On this 9th day of August A. D., 1948, before me O. M. Perdue, a Notary Public in and for said County and State, residing therein duly commissioned and sworn, personally appeared R. H. Knotts, known to me to be the person whose name is sub-

LEGAL NOTICES

scribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(SEAL) O. M. PERDUE
Notary Public in and for said County and State.
My Commission Expires Sept. 23, 1950
Pub. Sun, Aug. 13, 20, 27, Sept. 3, '48.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

August 9th, 1948.
TO WHOM IT MAY CONCERN:
Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

WAGON WHEEL
175 East Amado Rd.
PALM SPRINGS, Riverside Co.
Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license for these premises as follows:

On-sale Beer License
Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

ESTHER GILBERT
Pub. Desert Sun, Aug. 13, 1948.

NOTICE OF TRUSTEE'S SALE

Trust No. F-3087
On September 7, 1948 at eleven o'clock A. M., at the Main Street entrance of the County Court House, City of Riverside, California, BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a National Banking Association, as Trustee under the Deed of Trust made by MONTE PROSER, a married man, and recorded on December 5, 1947 in Book 793, Page 7 of Official Records of Riverside County, California, given to secure an indebtedness in favor of Paul A. Medaris and Cray Medaris, husband and wife, as Joint Tenants, by reason of the breach of certain obligations secured thereby, notice of which was recorded on April 28, 1948 in Book 906, Page 401, of Official Records of said county, will sell at public auction to the highest bidder for cash, payable in lawful money of the United States of America at time of sale, without covenant or warranty, express or implied, as to title, possession or encumbrances, the interest conveyed to and now held by the said Trustee under said Deed of Trust, in and to the following described property, situated in the County of Riverside, State of California, to-wit:

Lot Eleven (11), in Block Four (4)

LEGAL NOTICES

of WINTERHAVEN MANOR No. 2, as shown by Map on file in Book 18, page 66 of maps, records of Riverside County, California.

For the purpose of paying obligations secured by said Deed of Trust, including fees, charges and expenses of the Trustee, advances, if any, under the terms of said Deed of Trust and interest thereon, and \$19,675.36 in unpaid principal of the note secured by said Deed of Trust, with interest thereon at five per cent per annum, from January 15, 1948 to the date of sale.

Dated: August 9, 1948.

BANK OF AMERICA
NATIONAL TRUST AND SAVINGS ASSOCIATION,
as Trustee,
By LELAN FREEMAN
Vice President
By JAMES J. ROUSH
Assistant Trust Officer.
Pub. Desert Sun, Aug. 13, 20, 27, 1948

CERTIFICATE OF BUSINESS

Fictitious Firm Name
The undersigned does hereby certify that I am conducting a Toy business at 292 No. Palm Canyon Drive, City of Palm Springs, County of Riverside, State of California, under the fictitious firm name of

VILLAGE TOY SHOP
and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Kenneth L. DuBoise
218 Octilio Avenue
Palm Springs, California

WITNESS my hand this 28th day of July, 1948.

KENNETH L. DUBOSE
STATE OF CALIFORNIA,
COUNTY OF RIVERSIDE, ss.

On this 28th day of July, A. D., 1948, before me the undersigned, a Notary Public in and for said County and State, residing therein duly commissioned and sworn, personally appeared Kenneth L. DuBoise, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(SEAL) D. E. THOMPSON
Notary Public in and for said County and State.
My Commission expires Mar. 10, 1952
Pub. Desert Sun, July 30, August 6, 13, 20, 1948.

CERTIFICATE OF FICTITIOUS NAME

I, the undersigned, do hereby certify that I am transacting a general furniture and interior decorating business under the firm name and style of "HOUSE OF MODERN INTERIORS," that the principal place of business is at 1073 North Palm Canyon Drive, in the City of Palm Springs, County of Riverside, State of California, that I am the sole owner of said business and my residence is as follows, to-wit:

367 Santa Catalina Road
Palm Springs, California

IN WITNESS WHEREOF, I have hereunto set my hand this 28th day of July, 1948.

BARRETT O'SHEA
STATE OF CALIFORNIA,
COUNTY OF RIVERSIDE, ss.

On this 30th day of July, 1948, before me, EUGENE E. THERIAU, a Notary Public in and for said County and State, personally appeared BARRETT O'SHEA, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

REAL ESTATE SECTION

Palm Springs and the surrounding desert area is one of the most active and rapidly growing real estate markets in California. Only through the medium of The Desert Sun can readers keep in touch with this activity; hundreds of them in all parts of the country follow it regularly. Many buyers and sellers of Desert Area Properties meet each week through the medium of this newspaper.

California Realtors Carry Out Education Program for Members

Realtors of California have just completed a series of 16 educational conferences.

Leland P. Reeder of Beverly Hills, chairman of the Education Committee of the California Real Estate association, and members of his committee, directed the program.

Purposes of the conferences, in general, were to:

Bring to the general membership a more thorough knowledge of their business;

Give them a better understanding of good professional practice;

Stimulate appreciation of the opportunities for improving their service to their clients and their communities.

Outstanding experienced realtors, in this series, traveled throughout the state, from San Diego to Eureka, speaking to fellow brokers at one and two-day classes in real estate practice.

Realtors of California, points out Reeder, face a real challenge

in assimilating the many thousands of licensees authorized since the war years.

Prior to the war there were 37,000 real estate licensees in the state.

Today there are 85,000, an increase of 130 per cent.

Among these, says the educational chairman, are many war veterans and others who have become well established.

Their future value to the community, his group believes, will depend upon a growing knowledge of their business and ability to serve their clients.

Educational work of this type, believes Reeder, should be the foundation of all trade associations.

Today, he points out, every activity concerned with making a living has its professional trade or labor organization.

Not all of them, however, he says, continue to concern themselves with the education of their members to render better service to the public.

Medium Priced for Wage Earners Barred by FHA

Believing that a great need exists here for medium priced homes to house employed persons in the Village, Frank Hall, builder, is exploring carefully the provisions of the recently President-signed housing bill.

Hall who recently completed a home in Palm Springs and expects to make his home here permanently, is co-owner of the Alamo Development Corporation, homes and apartments in Long Beach, Santa Ana, and other builders of a vast number of homes and apartments in Long communities.

THE MAIN OBSTACLE, declared Hall, to a housing program such as he outlined for Palm Springs is the failure of the Federal Housing Authority to recognize this community as other than a resort area.

"I believe that if enough civic minded citizens in Palm Springs would interest themselves in providing medium priced housing for

workers in Palm Springs, FHA could be made to reverse its stand," declared Hall.

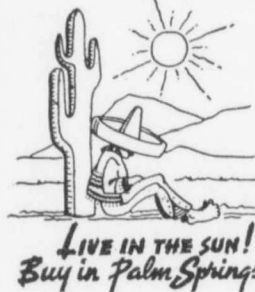

He said that his company could construct a 900 foot square home with two bedrooms in the Village for approximately \$8,000.

HE FEELS that previous experience of FHA in Palm Springs has been unsatisfactory but that a concerted program could change that picture.

Not knowing the full provisions of the modified Taft-Ellender-Wagner bill that was signed by the President he and his business associates George Stearn plan to study the new legislation.

First railroad in the United States was opened in 1830.

of how you look at it, the cost of government accounts for a greater rise in increased construction costs than any other item."

Rawson listed the other major reasons for cost increases as inflated material prices and labor wages, below-par labor output and premium financing requirements.

Lumber Supply Is Plentiful; Report

There is plenty of lumber for home construction.

This was the announcement made by directors of the National Lumber Manufacturers association in Portland, Ore., this week.

Richard A. Colgan Jr., executive vice president, said the nation's lumber production continues to increase in 1948.

He estimated output this year will be five per cent above the 1947 estimate of 34,000,000,000 board feet.

He said the Marshall plan for European recovery is not expected to dislocate the distribution or cause any acute shortage of lumber for domestic needs.

Mrs. Earl Neal is spending a month with her parents, Mr. and Mrs. Carl Lykken at Idyllwild.

Desert Hot Springs To Be Gay White Way Soon

Riverside county supervisors accepted a bid from the California Electric Power company for installation of a street lighting system at Desert Hot Springs.

The bid indicated that the lights would be on all night long and would cost the community \$3.50 per street lamp per month.

3 OUTSTANDING NEW HOMES

Planned by one of California's leading designers, these three houses are perfect examples of good taste and superb construction. Each house has insulated ceilings and walls; acoustical plaster ceiling in living room; three coats hard wall waterproof plaster; full slab birch doors; electrical kitchen vents; full tile baths; heating and refrigerated air cooling systems, plus many other features. Extensive use of plate glass affords beautiful mountain views.

Jr. Chamber Gets Good Game Lesson

The Junior Chamber of Commerce received a lesson in the art of playing softball last Monday night when the Desert Hot Springs gang took them for a cleaning to the tune of 17 to 1.

The winning team showed that there is more than one way of winning a game, even better than the tallying of hits, three for them to 10 for the chamber gang.

This was indicated by the fact that DHS played an errorless game while their opponents committed 12, thereby losing the game.

The line score: R H E
D. H. S. 00051110—17 3 0
Jr. C. of C. 1111100—5 10 12
Batteries: (p) Jack Morrey, 2 innings, Art Marerosian, (c) Joe Polst; (p) Les Shaw, 6 innings, Paul Buchanan, (c) Bob Benish.

Games scheduled Monday night between the Mexican Chicks and the Globe Trotters was forfeited in favor of the latter team when not enough teammates of the Chicks failed to show up.

Pete's Pioneers traveled to Desert Hot Springs Monday night to hand the Fireballs Jrs. of that town a pasting with a final score of 16 to 2.

Production of cultivated cranberries is a \$10,000,000 business confined almost exclusively to the United States.

League Leaders Lose One to American Legion

It was a tough one for the Desert League leaders, the Palm Springs Electric, to lose Wednesday, but they did, in one of the biggest upsets of the softball season.

Pitted against the American Legion, the Electric outfit lost by a score of 6 to 4. Failure of the latter team to pitch their star, Frank Devers, against the Legion, may have accounted for the defeat. Instead he played left field.

Kay Komera on the Legion team established something of a record when he batted 1000 per cent in four trips to the plate. He knocked out a triple, two doubles and a single. Mark Hopp and Lloyd Thomas accounted for a home run each.

Line Score: R H E
Am. Legion 002 012 1—6 8 4
P. S. Elec. 110 002 x—4 5 2
Batteries: Steve Tallavera (p), Dave Cantrell (c), Pappy Hobbs (p), Don Allan (c).

Swamped in First Inning by Pioneers

Tex Driskell's Rangers were never able to overcome the five-hit lead amassed by Pete's Pioneers during the first inning, Wednesday night. The final tally was 8 to 6.

It could very well have been a no hit game chalked up to the credit of Eugene Prieto, for the Pioneers, but in the 7th inning he allowed one hit which accounted for one of the runs. All of the rest of the runs gained by the Rangers were for free, as a result of errors, walks and base stealing.

Line score: R H E
Rangers 0010011—3 1 4
Pioneers 501020x—8 6 4

Game Biologists Sought by State

Assistant game biologist openings with the California Division of Fish and Game will be filled following a civil service examination Sept. 16, the State Personnel Board announced yesterday.

Starting salary for the position is \$281 a month gradually raising to a maximum of \$341.

Applicants must have two years experience in wildlife research work and be college graduates with specialization in game management, vertebrate zoology or forestry.

Detailed information and application blanks may be obtained at the Civil Service window in the Riverside postoffice.

CLASSIFIED ADS—PHONE 2249

P. S. Electric's Taste Sweet Revenge

The County League game between the Banning Outlaws and the Palm Springs Electric Tuesday was sweet victory for the latter team after the defeat of last week. The local boys won by a score of 14 to 4.

There was a record crowd in attendance at the Field Club to witness the fracas, too. Two home runs featured the game. One four bagger was hit by Miley Cowart, shortstop for the Electric team and Frank Grande playing the same position for the visitors connected with a four bagger.

Line score: R H E
Outlaws 100001200—4 6 6
P. S. Electric 00423211x—13 14 1
Batteries: Manuel Valdivia, five innings, Frank Prieto, Bill Roth and Valdivia; Frank Dever, Don Allan.

No Permit

City Council Protests
Off-Sale Application

City Council in adjourned session Wednesday afternoon voted to protest the off-sale beer and wine license of Mr. and Mrs. Harry Bloom.

The couple plan the operation of a combination candy, bottled soft drinks and beer and wine business at 233 South Indian avenue. Action of the council followed recommendation of Councilman Gordon Feeking, chairman of the safety committee. He cited the reasons for the recommendations as:

1. There were three beer-and-wine off-sale establishments in the neighborhood.

2. The proposed establishment was immediately across the street from the Indian reservation and would be a temptation to Indians to purchase beer and wine at the store.

Vote Repairs Of City Streets

Palm Springs Township boundaries were extended this week to correspond with this city's new limits. Riverside county board of supervisors passed an ordinance Friday changing the limits of both San Geronimo and Palm Springs to correspond with the new limits of the Village.

Announce Lower Postal Rates on Relief Packages

Unannounced, but in effect since July 6, is the new lower rate in the cost of shipping parcel post relief packages to China and most of Europe, it was just learned.

The new rate per pound is 10 cents as compared to the old rate of 14 cents. Postmaster R. M. (Pop) Gorham said that the parcels weigh on an average of 12 pounds with permissible weights of shipments depending on the country to which the parcels are mailed.

The new price applies to packages sent to Belgium, France, Germany, (U.S. British and French zones only), Italy, Netherlands, Northern Ireland, Scotland, Trieste, Wales, England, Austria and Luxembourg.

Postmaster Gorham said that parcels may not be addressed to Soviet zones of Germany or the Yugoslav zone of Trieste.

It was only a practice game between the Boys' Club and the Palm House Pirates Tuesday night. The latter team, younger in age than their rivals lost by a score of 20 to 2.

Mrs. E. A. St. Clair returned from a two weeks visit with her son and family in Fort Worth, Texas.
